

Site Management Safety Training Scheme (SMSTS)

COURSE OUTLINE

This is the go-to course for site managers within the civil engineering, building and construction industries who are responsible for the monitoring, planning, organising and controlling of groups of staff.

You will learn all the relevant health and safety legislation that affects working in these industries and, with this knowledge, you will have the necessary tools needed to maintain a safety culture within your workplace.

This SMSTS course should be the first course you attend if you are a site manager or aspire to become one.

COURSE CONTENT

This course covers the following topics:

- Health and safety
- Health and Safety and the Manager
- Health and safety and the legal system in the UK
- Working at Height Regulations 2005
- The Protective Equipment Regulations 1992
- Construction (Design and Management) Regulations 2015 (CDM)
- RIDDOR
- First Aid Provision
- Asbestos
- Waste & Environmental Management
- Risk Assessments & Risk Management
- Construction Hazards
- Occupational Health

ASSESSMENT METHOD

You are assessed on your involvement throughout the training and your performance on the four core exercises of the course. The four exercises include:

- Implementing health and safety legislation
- Managers and supervisors responsibilities
- Construction site briefing
- Construction site layout

On the last day, you must display a presentation in front of the other group members and complete a 25 question examination.

ENTRY REQUIREMENTS

- Must be able to understand, write and speak English well.
- You will need to provide Photographic ID and your national insurance number on the first day of the course

DELIVERY

- 5 Day Duration
- Classroom or Online Courses Available
- Day Release (1 day p/w over 5 weeks) available

CERTIFICATION

Successful candidates will receive a CITB Certificate valid for 5 years.

RENEWAL

Certificates are renewed by sitting a 2-day SMSTS refresher course.
