

SiteRight Working at Height & Harness Awareness

COURSE OUTLINE

This course is designed for anyone working at height and using a harness. Alongside an awareness of the risks, protective measures and legislative requirements associated with working at height, learners will also learn about the safe use of harnesses, including wearing and checking before use.

LEARNING OUTCOMES

In line with NOCN standards, this course will cover the following subject areas:

- Know the requirements of the Work at Height Regulations 2005.
- Know about the safeguards applied to working at height operations.
- Know about risk assessments for working at height operations.
- Know how to use access equipment in the workplace.
- Know how to inspect, fit, use and store safety harnesses.

COURSE SPECIFICATION

- ½ Day
- Theory & practical training and testing.

PRE-REQUISITE

Candidates must be aged 17 or over.

CERTIFICATION

Successful candidates will receive a NOCN SiteRight E-Certificate valid for 3 years from the date of the course.
